

# AUTHOR INFORMATION

1. The basic contents of each manuscript are as follows.
  - 1.1 Title
  - 1.2 Name and address of authors
  - 1.3 Keywords
  - 1.4 Introduction
  - 1.5 Reviews of related work
  - 1.6 Proposed concepts/methods
  - 1.7 Verifications and proof of validity (analytically and/or computationally, and/or experimentally)
  - 1.8 Results and discussion
  - 1.9 Conclusion and Recommendations
  - 1.10 References
  - 1.11 Appendices and additional figures (If necessary)
2. The pre-reviewed manuscript is not restricted to any specific word processing software. The main concern is work quality rather than printing quality. However, authors should submit manuscripts consisted of standard contents according to (1) with readable printing styles.
3. After the reviewing process, if a manuscript is accepted, authors must prepare a PDF file according to the following standard.
  - 3.1 Use Times New Roman as the font type.
  - 3.2 The font size of the main title is 14 (Bold) while font size 12 (Bold) is required for all subtitles.
  - 3.3 Use the font size 12 for other details in the manuscript.
  - 3.4 Use the double page system.
  - 3.5 Use the double space line between each consequence category of the contents.
  - 3.6 Use the single space line for details in each category of the content.
  - 3.7 1.5 inches of blank space are required on top, bottom, left and right of each page.
  - 3.8 Figures and tables have to be added after being mentioned or referred in the manuscript by save in .jpg or .bmp file
  - 3.9 The details of each reference consist of name, titles, publishing sources, volume no., year and the range of page numbers. Some example are as follows.

K. YAOYUENYOUNG, P. CHARNSETHIKUL AND V. CHANKONG, "A Heuristic Algorithm of the Mixed Chinese Postman Problem", Optimization and Engineering, Vol.3, no.2, 2002, pp. 157-187.

J. Stoer and R. Bulirsch, Introduction to Numerical Analysis, Springer-Verlag New York Inc., 1980, 609 pages.
4. If necessary, a contact author will have to proofread the final version of his/their article before publication.
5. It is recommended that the final manuscript should be submitted as an attached file to the following address: [fengprc@ku.ac.th](mailto:fengprc@ku.ac.th)
6. Authors are required to sign a copyright transfer form before publication. It is the policy of the Faculty of Engineering at Kasetsart University to own the copyright of all published contribution in the journal.
7. Each group of authors will receive 25 free reprints of their paper.
